

DURA-PANEL

RIGID SOLAR PANEL CHARGING SYSTEM

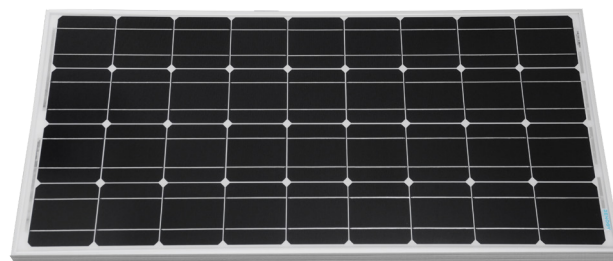

Features

- Industrial grade panel, components and heavy duty mounts designed for emergency vehicle use
- Numerous size panels match available roof space; panels can be wired in parallel for higher output
- Voltage controller adapts to properly charging different battery types
- Kits contain all parts needed for vehicle installations

Benefits

- Keep up with radio load without running engine or plugging in
- Helps comply with anti idle laws
- Saves fuel cost and engine maintenance
- Eliminate the need to jump start reserve vehicles
- Ideal for vehicles with mobile computers and radios

Dura-Panel 091-246-XXX

Hardware Provided

Kit Includes:

Detailed instructions and parts provided, assures professional installation, eliminates installer guess work and parts sourcing

- Load Control Option (Set Timer)
- Industrial grade solar panel with 10 year warranty
- Temperature Compensated Charge Controller
- Heavy duty vibration dampened mounting system (for Rigid Solar Panel only)
- 20 foot duplex wire
- Waterproof wire feed-through fitting included
- All mounting hardware included
